...

The ninth edition of Casarett and Doull's Toxicology: The Basic Science of Poisons, as in previous editions, is meant primarily as a text for, or an adjunct to, graduate courses in toxicology. Because the eight previous editions have been widely used in courses in environmental health and related areas, an attempt has been made to maintain those characteristics that will again provide information on the many facets of toxicology, especially the principles, concepts, and modes of thoughts ...

Casarett and Doull's Toxicology, The Basic Science of ...

In the introductory chapter of Casarett and Doull's Toxicology: The Basic Science of Poisons, Doull wrote "toxicology, like medicine, is both a science and an art." He goes on to say that "the science of toxicology is defined as the observational and data-gathering phase, whereas the art of toxicology is the predictive phase of the discipline.

John Doull (toxicologist) - Wikipedia

Summary: Long-established as the gold standard in the field, Casarett and Doull's Toxicology is now available in a new Sixth Edition that equips you with an unsurpassed treatment of modern toxicology, including the principles, concepts, mechanisms, and modes of thought that are the foundation of the discipline.
