curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Chapter one. Tom stared stunned at the figure standing in front of him dripping water from his soaked cloak onto his expensive wood floors, hair sticking to his pale and drawn face, green eyes were wider than normal with fear and he was trembling faintly, from what Tom would guess to be cold, fear and tiredness if the bags under his eyes were
