Reverted edits by 59.92.64.31. The user from IP address 59.92.64.31 added some content about reasoning for Core Banking Software that made no sense at all -- then the user made another edit that added multiple periods to the end of the paragraph for no apparent reason. It seems as though the user wanted to further discuss the subject. If you are this user, please start discussions on this talk ...

### Talk:Core banking - Wikipedia

The history of banking began with the first prototype banks which were the merchants of the world, who gave grain loans to farmers and traders who carried goods between cities. This was around 2000 BC in Assyria, India and Sumeria.Later, in ancient Greece and during the Roman Empire, lenders based in temples gave loans, while accepting deposits and performing the change of money.

### History of banking - Wikipedia

As per pure definition Core banking refers to a centralized system established by a bank which allows its customers to conduct their business irrespective of the bank's branch. Thus, it removes the impediments of geo-specific transactions.

Modern banking in India originated in the last decade of the 18th century. Among the first banks were the Bank of Hindustan, which was established in 1770 and liquidated in 1829-32; and the General Bank of India, established in 1786 but failed in 1791.. The largest and the oldest bank which is still in existence is the State Bank of India (S.B.I). It originated and started working as the ...
