The son of ornithologist Fred Sibley, he began watching and drawing birds at a very young age, and spent most of the 1980s and 90s traveling all over the North American continent in search of birds. He is the author and illustrator of *The Sibley Guide to Birds* (and several other books about birds), as well as the *Sibley Guide to Trees*.

A bird of the cold north with a warm reputation, the Common Eider is famous for the insulating quality of its down (typically harvested from nests without harming the birds). Breeding males are sharp white and black, with pistachio green accents on the neck. Females are barred with warm brown and black. These largest of all Northern Hemisphere
