Technology is everywhere in education: Public schools in the United States now provide at least one computer for every five students. They spend more than \$3 billion per year on digital content.

Technology in Education: An Overview

Etymology. A bachelor is first attested as the 12th-century bachelor: a knight bachelor, a knight too young or poor to gather vassals under his own banner. The Old French bachelor presumably derives from Provençal bacalar and Italian baccalare, but the ultimate source of the word is uncertain. The proposed Medieval Latin * baccalaris ("vassal", "field hand") is only attested late enough that ...
