The increase in the global atmospheric CO2 concentration resulting from over a century of combustion of fossil fuels has been associated with significant global climate change. With the global population increase driving continued increases in fossil fuel use, humanity's primary reliance on fossil energy for the next several decades is assured. Traditional modes of carbon capture such as ...

Hi Will – Based on our previous experience, and that of people we know and trust, we'll never be in one either. The coup de grace for me was the day I was at a real estate closing – I was handling the mortgage for someone who was buying in my HOA neighborhood – and the real estate agent (who also lived in the nbhd) was bragging to the buyer to "get in close with so-and-so, she knows ...

Why You Should Avoid Buying in HOA Neighborhoods
