Making IT Happen!

Making It Happen lays a solid foundation for creating meaningful interaction in the second language classroom. Making It Happen bridges the gap between theory and practice, enabling teachers to apply current theory and methodology in their own language classrooms.

Making It Happen : From Interactive to Participatory ...

We were surprised to learn that the overall number of interactions among employees did not decrease, as we had expected. However, what the data made extremely clear was that innovation was starting to suffer: While interactions remained consistent, so-called “weak tie connections”—interactions between employees in different functions and regions—was down nearly 50 percent.
