Maritime history of Somalia refers to the seafaring tradition of the Somali people. It includes various stages of Somali navigational technology, shipbuilding and design, as well as the history of the Somali port cities. It also covers the historical sea routes taken by Somali sailors which sustained the commercial enterprises of the historical Somali kingdoms and empires, in addition to the ...

### Maritime history of Somalia - Wikipedia

The economics of English towns and trade in the Middle Ages is the economic history of English towns and trade from the Norman invasion in 1066, to the death of Henry VII in 1509. Although England's economy was fundamentally agricultural throughout the period, even before the invasion the market economy was important to producers.
