Hi , I have replaced a tube on an optimus 50 rev.3 equipment. Do you know how to do the calibration of a DU 3050 Da 90 Tube? We have the agent software 5.2 but i can't select DU 3050 Da 90 instead of this we select ROT 3050 ROT 350, but it doesnt work correctly, some time we have problems in the stator.

How to do Lighting Design Calculation in a Building - Electrical Wiring Installation . In professional field proper lighting design is very important because an under lighting arrangement will decrease the efficiency of the task for which the lightings were designed and an over lighting arrangement will result in over expenditure of the company. On small scale this difference is not too much ...
