Sanyo Split System Manual

i have a gen 3 36000 BTU split system that has a p6 code. We have made contact with the Tech. and he said that it was a valve that wasn't open at the top. There is no valve at the top. There is two at the compressor that lead to the evaporator and that is it. I bought this for my church and those that installed it are the elders. We are a little perplexed, the manual, that we have, say, s it a ...
