What's at stake is not whether individual Enlightenment thinkers were racist—Hume and Kant were—but the nature of the relationship between Enlightenment thought and modern scientific racism. Critics of the Enlightenment contend that there was something deeply rooted in Enlightenment thought that led to the exclusion of non-whites, colonial subjects, and women.

### **Did the Enlightenment Give Rise to Racism? - Liberal Currents**

Debate over the meaning of 'Enlightenment' began in the eighteenth century and still continues to this day. This period saw the opening of arguments on the nature of man, truth, the place of God, and the international circulation of ideas, people and gold. But did the Enlightenment mean the same for men and women, for rich and poor, for Europeans and non-Europeans?
