The Two-Second Advantage: How We Succeed by Anticipating the Future--Just Enough by Vivek Ranadive. What made Wayne Gretzky the greatest hockey player of all time wasn't his speed on the ice or the uncanny accuracy of his shots, but rather his ability to predict where the puck was going to be an instant before it arrived.

The Two-Second Advantage by Ranadive, Vivek (ebook)

"In an environment where the velocity of change is faster than at any other time in history, a company's ability to capture "The Two-Second Advantage" can mean the difference between success and failure.

The Two-Second Advantage : Kevin Maney : 9780307887665

I think the best way to make the two-second advantage a reality is to hire the right kinds of people and partner with the right kinds of people. There's no silver bullet, but the good news is that circumstances are forcing people to change because the status quo isn't working.
