CAD Technician - Mechanical | Programs | NSCC

Norman Selfe (9 December 1839 – 15 October 1911) was an Australian engineer, naval architect, inventor, urban planner and outspoken advocate of technical education. After emigrating to Sydney with his family from England as a boy he became an apprentice engineer, following his father's trade. Selfe designed many bridges, docks, boats, and much precision machinery for the city.

Norman Selfe - Wikipedia

The cinema of the United States, often generally referred to as Hollywood, has had a profound effect on cinema across the world since the early 20th century. The United States cinema (Hollywood) is the oldest film industry in the world and also the largest film industry in terms of revenue. Hollywood is the primary nexus of the U.S. film industry with established film study facilities such as ...
