Even in Germany, the people's car idea was well-established long before the Nazis. The very primordial Beetle-like Hanomag Kommisbrot from 1925 could easily be considered to be a people's car, for example. I've been sort of obsessed lately with the murky pre-history of the VW Beetle. It's one of the most

The Volkswagen Type 181 is a two-wheel drive, four-door, convertible, manufactured and marketed by Volkswagen from 1968 to 1983. Originally developed for the West German Army, the Type 181 also entered the civilian market as the Kurierwagen ("courier car") in West Germany, the Trekker (RHD Type 182) in the United Kingdom, the Thing in the United States (1973-74), the Safari in Mexico and ...

Volkswagen 181 - Wikipedia

Design. Dune buggies are typically created by modifying an existing road vehicle, while sandrails are built from the ground up as a custom vehicle. Beetle-based buggies. For dune buggies built on the chassis of an existing vehicle, the Volkswagen Beetle has been most commonly used as the basis for the buggy, though conversions were made from other cars (such as the Corvair and Renault Dauphine).

Dune buggy - Wikipedia

Vintage Volkswagen Beetle History. The first air-cooled Volkswagen Beetle prototype was created in 1937 by the Austrian Ferdinand Porsche. World War II prevented the Beetle from being mass produced, but after the war it became the world's best-selling car, beloved by collectors along with the Karmann Ghia, Type 14, and Type 3.
